Project Name: **Sesko**

We are transmitting the following materials:

Revised budget spreadsheet for Sesko Construction Management

Resolution of budget for Sesko Abatement Specifications

Comments:

Please note I have revised the Construction Management spreadsheet to include Survey time and have revised downward some of the labor effort for construction oversight. The reductions are based on further review of effort estimates and to accommodate comments you provided last week. Please recognize this work will be performed on a time and materials basis. If the contractor finishes ahead of schedule and performs well, I expect Parametrix' total fee to be less than the estimate.

Please contact me if you have questions.
